	Polycarbonate Polycarbonate/TPE Polycarbonate Bridge - Polycarbonate Nose Pad - TPE Polycarbonate Polycarbonate Polycarbonate Polycarbonate Polycarbonate/TPE Polycarbonate	

WEIGHT: 32 g

SPECIAL FEATURES

- Semi-frame and slim-temple design creates spectacles that weigh only 32 grams
- Full wrap around with base curvature 9 lenses
- More coverage without the distraction of seams or traditional type side shields
- Temples with 5 angle position and 4 length position adjustments
- Special co-material nose cushion secures the spectacles to your face without slipping and provides a pillow soft fit
- Special co-injected brow cushion for exceptional comfort and protection from injury
- Cut-outs in cushion surface allow air flow while wearing the spectacles close to the face in order to minimize lens fogging
- Sightgard coating: MSAs popular anti-fog coating with good anti-scratch properties
- TuffStuff coating: Antiscratch according to EN 166 "K"
- Filters out 99.9% of harmful UV radiation
