SIOSTART

Flame retardant, anti-static rain jacket

The Baltero is our tear-resistant, flame-retardant and anti-static rain parka. The hood is stored in the standing collar and the zipper is hidden under a flap with touch and close fastening. If it gets too hot, you can remove the flame retardant fleece lining (without sleeves, with inside pocket). The waterproof parka has two patched pockets and one Napoleon pocket on the outside and one inside pocket. The comfortable parka has been fitted with sleeve narrowing with press studs, a drawstring in the hem and narrow reflective FR strips on the arms and chest as a finishing touch.

Flame retardant, anti-static rain jacket
